Reference has been received from CONCOR stating that at field level guidelines issued vide Board's letter under reference are being interpreted in such a way that a container rake of 90 TEUs loaded with two notified commodities-50 containers of one type notified commodity and 40 containers of other type of notified commodity, then Haulage Charge is leviable @ Container Class Rate(CCR), instead of, Haulage Rate per TEU.

As per Board's letter under reference, if 50 or less than 50 containers(TEUs) in a rake are loaded with any of the notified commodity groups either as a single commodity or mixed with other commodity(including other than notified commodity), Haulage Charge for such container will be levied as per prevailing Haulage Rate per TEU.

An illustration is enclosed herewith for guidance of all concerned as per Appendix.
