Sub Registration of demand for wagons electronically(e-RD) through FOIS - Mandatory
Ref: (i) Rates Master Circular/e-RD/2019/0 and its amendments
(ii)Board's letter No.TC-I/2020/101/1 dt.13.07.2020

Please refer to Board's circulars/letter under reference regarding registration of demand for wagons electronically (e-RD).

With the objective to achieve digitalization, minimizing detention to rolling stock and streamlining transactions in freight business, it has been decided that **electronic registration of indent for wagons will be mandatory** for all kinds of traffic except (i) Military Traffic, (ii) Traffic moved under natural calamities, disasters etc. as relief measure and (iii) any traffic for which PCCM may permit physical registration of indent in emergent situation including *force majeure*.

In case of container traffic, the existing Demand cum Release module will continue to be applicable.

Further, to promote electronic RR(eT-RR), it has been decided that in cases where physical RR is permitted, reason for permitting the same shall be recorded in machine readable form.

These guidelines will be effective from **01.11.2022**.

Necessary modifications shall be introduced into the system by CRIS/FOIS to enable e-RD as default option for registration of demand for wagons.

This issues in consultation with Traffic Transportation Dte. and with the concurrence of Finance & Accounts Directorates of Railways Board.
