Sub: Mapping of Goods Tariff commodities with Harmonized System of Nomenclature (HSN) Codes.

Please find enclosed a copy of report prepared by Traffic Transportation Directorate and Business Research Unit of Railway Board on the above subject.

It has been decided by the Competent Authority that this list will be used by Railways for systematic classification and also for harmonization of customs and trade procedures. On entering the commodity name, the system should automatically allow for choosing the most relevant HSN code and be verified against the class of rate charged against the commodity.

This will be available at the time of issuance of Railway Receipt as drop-down of commodities and HSN code.

CRIS/ FOIS is requested to develop a system accordingly.

This issues with consultation of Traffic Transportation and concurrence of Accounts and Finance Directorates of Ministry of Railways.
