

Timing diagram for the 100M, 1277M, 355M, and 1240M channels. The diagram shows four channels: G, YY, Y, and R. The G channel has a period of 100M (MIN) and a pulse width of 1277M (APPROX). The YY channel has a period of 355M (APPROX) and a pulse width of 1240M (APPROX). The Y and R channels are shown as a single signal with a period of 100M (MIN) and a pulse width of 1277M (APPROX). The diagram shows the relative timing of these signals, with the G channel leading the YY channel, which leads the Y and R channels.
