New Delhi, dated 19.02.2025 CCM/PS&

Principal Chief Operations Mangers &
Principal Chief Commercial Mangers,
All Zonal Railways.
CMD Konkan Railway.

(Commercial Circular No.: 02 of 2025)

DY-CC

Sub: Train demand module in PRIMES and ICMS.

As per extant practice, to fulfill the extra rush (passenger) demand on different occasions (e.g. Festivals, summer vacation, Holi, Deepawali etc.), Zonal railways submit their special train requirements to the Railway Board for approval. Subsequently after approval, the zonal railway concerned, notifies the train services for Public and Railways.

2. In order to make the exercise more data driven with cross zone visibility of planning, a "Train Demand Utility/Module" has been developed by CRIS - in PRIMES and ICMS applications respectively for Commercial and Operating users. The brief features of these modules are as under:

- This utility helps to estimate the number of train trips needed for specific **Origin-Destination** (O-D) pairs.
- Demand could be assessed using **historical date ranges** (for a reference period) and for specific **O-D pairs** from options such as **Stations, Clusters, Zones, States, or Stations within a specific KM range.**
- Unmet demand of live trains is also taken into consideration.
- Real time availability of the of coaches vis a vis lie over rakes and spare coaches is available to process the demand.
- Proposals under approval in other zonal railways are also visible for realistic assessment of demand.
- Online processing for approval of demand from Commercial to Operating department and from zonal railways. The proposal would be sent to Railway Board through the utility itself and the approval would also be communicated through the same.
- MIS reports are available to monitor the current demand status in **PRIMES** and **ICMS.**

3. The user manual for the utility is provided vide Annexure A & B.

PPN

4. All special train planning henceforth should be done through the Train demand module including for the upcoming Holi and Summer specials.

5. Necessary instructions may be issued to all concerned accordingly for strict compliance.
