Chapter-II (Container Class Rate)

"1.2.5 When a notified commodity is loaded in more than 50 containers(TEUs) of a container train either as a single commodity or mixed with other commodity (including other than notified commodity), Haulage Charge for such containers will be levied as per Container Class Rate. For the containers containing single notified commodity, Haulage Charge will be levied as per Container Class Rate of that commodity and for the container loaded with two or more than two notified commodities, Haulage Charge will be levied on the basis of highest Container Class Rate of the commodities which the container contains."

"1.2.6 If 50 or less than 50 containers(TEUs) in a rake are loaded with any of the notified commodity groups either as a single commodity or mixed with other commodity (including other than notified commodity), Haulage Charge for such container will be levied as per prevailing Haulage Rate per TEU."
