OFFICE MEMORANDUM

Subject: Reimbursement of the cost of cochlear implant to beneficiaries under CGHS / Central Services (Medical Attendance) Rules, 1944.

The undersigned is directed to state that the Ministry of Health & Family Welfare has been received requests from CGHS beneficiaries and beneficiaries under Central Services (Medical Attendance) Rules, 1944, requesting for permission to be given for a dependant family member to undergo cochlear implant surgery. Each request for considered 'on merits' of each case and permission granted by the Central Government Health Scheme in each case. This was mainly because there were no guidelines for for considering requests for cochlear implant surgery. The Ministry of Health & Family Welfare, therefore, had the matter considered the matter by a Committee of specialists and it has been decided to permit the beneficiaries under CGHS and Central Services (Medical Attendance) Rules, 1944 undergo cochlear implant surgeries, as per the guidelines outlined below:

GUIDELINES FOR COCHLEAR IMPLANT SURGERY

1. Selection criteria for cochlear implant:

- (i) Prelingually deaf children (severe to profound B/L, S. N. H. loss)

- (g) Good family support for post op rehabilitation.
- (ii) Post-lingually deaf candidates (B / L profound S. N. H. loss)
 - (a) There should be no appreciable benefit from hearing aids (both ears);
 - (b) No active middle ear cleft disease;
 - (c) Perforation of the TM should be repaired three months prior to the implantation;

 - (e) Post meningitic labyrinthitis ossificans of the cochlea is a contraindication. However, cases like post inflammatory ossification of cochlea, cochlear dystrophies and cochlear otosclerosis with visible perilymphatic shadow in MRI are relative indications and can be done on case to case basis.

2. Type of implants:

Only multi-channel cochlear implant duly approved by appropriate authority should be recommended.

3. Implant Centres and Standing Committee:

Cochlear implant surgery should be allowed only in Government hospitals / Centres having proper post operative rehabilitation. These centres should have well trained speech therapist related to cochlear implant.

The reimbursement for cochlear implant surgery will be permitted only after the request has been approved and recommended by a standing committee, comprising of the following:

(1)	Addl DG, CGHS / DDG (M) (as the case may be)	...	Chairman
