Sub: Clarification regarding permit of traffic booked underTEFD for Two point/Multi point destination.

Ref: ECoR's letter no.CCM/481/FIS/Corr./893 dated26.07.2021.

References have been received seeking clarification regarding applicability of TEFD discount to traffic booked under two point/multi point destinations. As per the TEFD policy contained in Rates CircularNo.13 of 2021, traffic booked at trainload/ wagonload rate are eligible for TEFD discount if the O-D point falls in notified empty flow streams subject to terms and conditions stipulated in the policy. Under the policy, if destination of the traffic falls in the other division of Destination Zone (Other than notified O-D divisional pair) and also on enroute via division (only one intermediate point), the traffic is eligible for TEFD discount.

As traffic booked under Two point rakes/ Multi point rakes are charged at trainload rates, these traffic are eligible for TEFD discount under the policy if originating and terminating points are qualified as empty flow streams as per the policy.

This issues in consultation with Traffic Transportation and Finance Directorates of the Ministry of Railways.
