During vigilance check, it was noticed that no D&A action has been taken against long absentees. Such leniency approach may promote such activities among other staff simultaneously demotivate the efficiency of staff. When the absent period does not cover under sanctioned leave, D&A action should be taken against the staff following due formalities.

Hence, it is advised to identify such areas and conduct periodic checks to restrain such activities in the interest of Rly administration. Action taken report may please be intimated to this office.
