To
The Principle Chief Engineer
East Coast Railway,
Bhubaneswar.

Sub: Suggestion for System Improvement in connection with processing of Way-leave facility.

On investigation of a case ,it is observed that after approval for Way-leave facility from competent authority, agreement was signed by both parties after a gap of two years.

In this regard, it is suggested there should be a time bar on parties applying for such cases, beyond which approval should stand terminated.The whole process of approval is cumbersome, time consuming & involves many officials, so only interested & genuinely required cases should be brought to consideration for permission.

A provision of penalty/forfeiture of initial deposit can be incorporated in case of delays from the side of parties , applying for such Way-leave permission cases.

This issues with the approval of SDGM.
