Sub: Maintenance of history sheet register at stations by AMC firms

\*\*\*\*\*

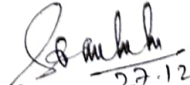

During several preventive checks on execution of AMC at stations of all the three divisions KUR, SBP & WAT, the history sheets of the equipment under AMC which were to be supplied by the AMC executing agency were found not available at those respective stations. Hence the details of modules/spare cards available in the equipment could not be checked due to non-availability of History sheet.

As a system improvement, the following special conditions may be incorporated in the AMC tender document for supply and maintenance of History sheet of equipment under AMC.

- i) The firm shall supply and maintain a History Sheet register of components/modules existing or replaced for the equipment under AMC at respective station.
- ii) Whenever components/modules are replaced/repared the same shall be updated in the History sheet register of the equipment with signature of railway official and firm representative.

Compliance in this regard may please be intimated to this office for record.

This issues with the approval of SDGM.
